.
The Petali drink table was inspired by a cherry blossom as outlined in the trio of petal-like glass tops that are adjustable to whatever shape you desire. The table features an authentic white marble base and a trendy brushed brass finish. At a diameter and height of 22", this would nestle nicely beside any sofa or armchair for a beautiful pop of multi-color and is sure to be a conversation piece. At Modern Elements, our dichroic occasional furniture is a true blend of metals that are fused together to create a glass film.
