Coral 18-in 1 Light Brushed Champagne Gold Wall Sconce

SKU: 525921BCG/GRN

Product Details

Description:

The Coral Collection crafts textures that evoke the essence of nature, featuring transparent or green glass beads elegantly perched on branch-like arms, reminiscent of coral formations or glistening water droplets. These beads function like magnifying lenses, much like raindrops delicately clinging to leaves or flower petals. The design draws inspiration from timeless, airy forms, creating a light and elegant aesthetic. Despite the green hue of the glass, the fixture itself will not project a green tint into its surroundings. The entire piece is finished in a sumptuous Brushed Champagne Gold, adding a touch of luxury.
